"The 2018 Meursault Genevrières 1er Cru comes from a small parcel planted in 1943 that tends toward millerandé during the growing season. It has a lovely bouquet, very well defined, with scents of hazelnut, white flowers, clementine and quince. The palate is supremely well balanced with a killer line of acidity, precise and mineral-driven. There is impressive detail and concentration on the finish.

Outstanding - Neal Martin"
