JEB DUNNUCK

"Another gem is the 2019 Cabernet Sauvignon Red Mountain Estate, a deep, concentrated, powerful Red Mountain Cabernet Sauvignon that I suspect will be up there with the legendary wines from this terroir. Beautiful cassis, graphite, lead pencil shavings, and damp earth notes give way to a full-bodied effort that has a liqueur of rocks-like minerality, flawless balance, building yet polished tannins, and a great finish. Hide bottles for 4-5 years, and it will evolve for 25-30 years if properly stored."
