ABOUT THE RUBUS PROJECT

The Rubus Project was created by specialty importer Fran Kyselacom as a way to source & sell incredible wines at value prices. All wines in this international project are hand-selected by Fran Kyselacom. Rubus wines are fruit driven, true-to-type values that over deliver – a true representation of quality for the consumer at an excellent price.

ABOUT THE WINE

Grapes are sourced from the Lessini hills in the Colli Berici, where the cold nights allow the aromatic compounds in the grapes to develop. The vines, 20 years old on average, are planted on calcareous soils of volcanic origin. Nice garnet and red color. Expressive and charming on the nose with cherry and blackberry aromas. On the palate, the wine has a nice spicy note. The length to the finish is round and long.
