LA SALETTE
CÔTES DE GASCOGNE 2018

"Gascony grows most of its grapes for distillation into brandy, but the table wines can be delicious and cheap. This juicy white blend is 80 percent colombard, familiar to wine drinkers of a certain age as the mainstay grape of American chablis. The rest is gros manseng and ugni blanc. You won't want to waste time contemplating this crowd pleaser, because you'll want to snag another pour before it's gone.

****EXCELLENT** - Dave McIntyre"
