"Pale orange colour. Confit orange, orange blossom, lychee, a touch of brown sugar. On the palate it is exceptionally full-bodied, with acidity a little on the low side. There's firm bitterness on the finish, and it lacks the freshness of some years, if not the depth. Long finish. It really coats the mouth with sweetness and flavour. Handpicked, all pressed immediately and fermented in stainless steel without any skin contact.

Wine is aged in stainless steel for six months after adding the fortifying spirit."
