

Azienda Agricola Rebuli

Italy - Veneto

The Rebuli family have been wine growers for generations, and sparkling winemakers since the 1980's. Founded by Angelo Rebuli, Azienda Agricola Rebuli combines years of knowledge with a respect for nature and desire for simplicity and freshness.

Today Angelo's sons continue his traditions: Mauro is the winemaker & manager of domestic sales; Paolo manages & cares for the vineyards; Gianni manages the accounting and foreign markets.

The 40-hectare estate is located in the small village of Saccol di Valdobbiadene, at the foot of the Prealpi Trevigiane, where the hills dive into the waters of the River Piave. Surrounded by its vineyards, the winery harmonizes perfectly with the countryside around it. Grapes are harvested at the first signs of autumn, when they have reached full maturity.
