

Domaine Guillemot-Michel

France - Burgundy

This 7-hectare estate is located in the commune of Quintaine, adjacent to the village of Clessé, South of Burgundy. Quintaine is recognized as producing some of the finest wines of the Mâconnais, having a special microclimate created by its proximity of the Saone river. The vineyard is on clay and limestone based soil & has been cultivated through biodynamic and organic methods since 1991.

Current owners Pierrette and Marc Guillemot took over the domaine from Pierrette's parents in 1985. Pierrette and Marc are both oenologists from the school of Beaune and post-graduates from Montpellier. After earning a degree in Agronomy and Oenology, their daughter Sophie joined the estate in 2012, specializing in the production of Marc de Bourgogne. Sophie's husband, Gautier Roussille, also an oenologist, joined the Estate in 2017.

The Estate is divided between 7 parcels located in the 5 following lieux-dits:

- Champ-Rond (2.7 hectares)
- Champ-Choley (0.8 hectares)
- Le Chêne (1.5 hectares)
- Raverettes (1.0 hectares)
- Chapelle Saint Trivier (0.5 hectares in total) with 3 different parcels (Pesselières 0.2 hectares, Cordonnières 0.1 hectares et Lie-Monin 0.2 hectares)
