

Konrad Hahn

Germany - Mosel

The Hähn family has been in the wine business since 1650. They have operated out of their present location in Kobern since 1892. Konrad Hähn was the winemaker of the Von Schleinitz estate until 2018, which grew out of the original Toni Hähn winery and is considered one of the top 100 wineries in Germany. Konrad produces wine under the Hähn label for Kysela Pere et Fils.

The vineyards are located around the town of Piesport (Mosel Valley) allowing for the designation Michelsberg. The grapes for this wine were grown in slate soil, which is typical for the Mosel area and provides a unique minerality. The harmonious climate, warm summers and mild winters promote a long growing season, providing fine fruit with balancing acidity and low alcohol.
