

Red Phoenix Wines

United States - California

Bill Leigon created the name Red Phoenix. Leigon was inspired and moved by the courage and resilience of the people in Napa Valley in the face of, not only the Coronavirus Pandemic of 2020, but also the horrific fires in Napa Valley. In many cases people have had to rebuild their lives from the literal ashes of fires and disease. Despite seemingly insurmountable crisis, people have risen to the occasion, met every challenge and emerged stronger. Red Phoenix is a tribute to Hope that fills the human spirit and in the end, enabled the creation of a beautiful wine- Red Phoenix.
