

Zanon Wines

United States - California

Zanon Wine Portfolio is the creation and vision of Columbus, Ohio resident Scott Zanon, who spent 16 years in the wine industry.

2011 was the first vintage with 400 cases produced and all for the State of Ohio. The wine was introduced in February of 2014. You will notice the Dry Creek appellation prominently displayed on the front label. In his eyes, Dry Creek Valley is the best spot in the world to grow Zinfandel...period. The 2013 bottling debuts the words "Old Vine" on the front label as the vineyard source is 40+ years old. The newly released 2016 vintage represents the fifth vintage and production continues at around 400 cases.

Today, all the fruit comes from a four generation (92 years), family owned winery (Pedroncelli Winery).
