

2nd Shift And Look It Has Pockets

2nd Shift Brewing

United States - Missouri - St. Louis

Belgian-style witbier with grains of paradise.

There's just a special feeling, when you find a jacket, slacks, dress, pretty much any article of clothing, and you find out *BONUS* it has pockets! We brewed this white ale with the traditional orange peel & coriander, as well as *BONUS* a lovely dose of Grains of Paradise. We hope you enjoy this beer as much as you enjoy that favorite item in your closet that holds so much more than just your keys - your heart.
