

Holocene Pinot Noir Memorialis

Holocene Wines

United States - Oregon - Yamhill-Carlton

Holocene Pinot Noir Memorialis is a blend of 777, Pommard and 115 clones from MonksGate vineyard in the Yamhill-Carlton AVA, and it saw about 20% new French oak for 16 months prior to bottling. It is always the lighter and more feminine of the two Holocene wines, with red fruits, white flowers, dried herbs, mushroom and forest floor aromatics, bright acidity and a lithe texture, long finish.
