2nd Shift Cat Spit Stout 2nd Shift Brewing United States - Missouri - St. Louis

Oatmeal Milk Stout.

Cat Spit Stout came to be when Steve was brewing his oatmeal milk stout. The infamous El Gato Grande was nearby, chewing on some grain and spitting it back on to the floor. Seriously. We can't make this stuff up...

Coffeey, roasty, blah blah, it's a stout, just drink it, it's really good.
