

## Bodega El Grifo

### Spain - Canary Islands

The oldest winery in the Canary Islands and among the ten oldest in Spain. We maintain some vines from the 19th century that mature on the slope and are hand-picked, one by one. The fire, wind, and rock create extreme conditions from which wines with a marked character and personality are born, with which we discover the soul of a unique land and climate in the world.

<b>Founded</b>
1775
<b>Wine Production Area</b>
Spain - Canary Islands - Lanzarote
