

Jackie O's Prodigality

Jackie O's

Churning out complexity through time and heat. The solo grain, Maris Otter, brims the mash tun for a long soak. A portion of the first runnings were boiled and reduced, triggering the Maillard Reaction; through which, the vigorous heating of sugars adds a deeper color and flavor. Continuing on with an extended boil to increase said reaction. A prolonged nap of 24 months in bourbon barrels finishes off this luxurious prize. Indulge in Prodigality's warm embrace with notes of burnt sugar, sweet prune, oak, and leather.
