

Perennial Hurry On Daylight

Perennial Artisan Ales

United States - Missouri - St. Louis

Hurry On Daylight is the next in Perennial's series of “hazy lite” IPAs. Brewed with a sturdy malt bill, they let these dry out a touch more and then dry-hop with different hop combinations. Hurry on Daylight features handfuls of Cascade, Amarillo, and Crystal. This beer reminds us of hazy drives thru Rocky Mountain National Park, orange-limeade, homegrown cantaloupe, and listening to Hiss Golden Messenger while driving East.
