

Susquehanna Shady Spot Lemon Shandy

Susquehanna Brewing Company

United States - Pennsylvania - Pittston

Shandy may be fairly new to these shores, but the idea of beer and lemonade mingling together in beautiful, refreshing, taste bud tingling harmony has been known overseas for centuries. Originally brewed in England as shandygaff and in Germany as Radler, there's nothing more appropriate on a hot summer's day than a shandy. And because you should never mess with a good thing, Shady Spot is brewed the traditional, dry, English-style way. Sure, we could have spent our afternoons trying to out-do the classic, but it's hot out there, and we needed a shandy.

Specifications

Availability	Seasonal
Style	Shandy
ABV	4.5
IBU''s	9
Color(SRM)	5.04
Packaging	bottles & draft
