

Trione

United States - California

Trione Winery was established in 2005 by Mark and Vic Trione. The Trione family has farmed Sonoma county for three generations and is deeply rooted in the Sonoma Country wine industry. Mark and Vic have been dedicated farmers for forty years and own and cultivate almost 700 vineyard acres in Sonoma County prime appellations: Russian River Valley, Alexander Valley and Sonoma Coast. River Road Ranch covers 115 acres along the rolling hills of the Russian River Valley. Its soils are alluvial deposits of the Russian River, well-drained sandy clay loam over sandy loam subsoil. Along the western flank of the Mayacamas Mountains which run to the eastern bank of the Russian River is Cloverdale Ranch, 180 acres in the Alexander Valley Appellation. The grapes for Trione Cabernet Sauvignon come from one block, "Block 21", planted in 2001 and a single selection of the Bordeaux clone 337. Soils here are clay loam over sand clay loam subsoils with a high percentage of rounded gravel from alluvial sediments.

Trione Family Vineyards produces 5,000 cases annually from Chardonnay, Sauvignon Blanc, Cabernet Sauvignon, Merlot, Cabernet Franc, Petite Verdot, Malbec, Pinot Noir, Zinfandel and Syrah grapes. Winemaker Scot Covington crafts small lots of estate wine of the highest level of quality. The pride of the Trione Family's history and passion for Sonoma County hospitality food and wine are apparent in each glass of Trione wine.
