Riebeek Sauvignon Blanc

Riebeek Cellars

South Africa - Western Cape - Coastal Region - Swartland

Due to warm, dry conditions in the Swartland, this Sauvignon Blanc is a more tropical style of Sauvignon Blanc. The vineyards are planted on cooler sites where there is some cool, maritime influence from the West Coast. This achieves a style of wine that has delicate green notes, complimented by yellowstone and tropical fruit, a touch of minerality and a crisp, lively acidity.

Specifications	
Appellation	Coastal Region - Swartland
Varietals	100% Sauvignon Blanc
Vinification	To ensure an array of layered fruit flavors and to capture freshness, they use only free run juice and ferment colder than usual. The wine is left on the green lees for an extended period to develop the expressive green flavors of Sauvignon Blanc. After fermentation, the wine is left on the lees before bottling to preserve freshness
Pairings	Very refreshing on its own and lovely with crisp salads, light seafood dishes, tapas, steamed green asparagus and aioli.

Units/Case 12 Unit Size 750 mL Container bottle SCC 1 07 84585 01255 5 Case Weight 60 Cases/Pallet 15
