

Sake By Kysela Junmai Daiginjo

Kokki Sake Brewery

Sake By Kysela has been a project in the making for three years now. In the end, we selected a Sake made from the famous Yamada Nishiki rice produced in the Southern Prefecture of Shimane. Flavorful, rich, and clean; this sake is best as an aperitif or with seafood like fluke, dover sole or halibut. Kanpai!!!

Specifications	
Type	Daiginjo-shu
