

Tenute Mannino

Italy - Sicily

Tenute Mannino is located in Castiglione di Sicilia, right on the hillside of the Etna volcano.

Giorgio Mannino is the 6th generation winemaker in the family as the Estate was founded in 1873.

They own vineyards on both sides of the volcano.

On the Eastern side of Etna (Viagrande): they grow Carricante and Catarratto.

On the Northern side of Etna (Castiglione di Sicilia): they grow Nerello Mascalese and Nerello Cappuccio. This is also where the winery is located.
