

## Vina Mein

### Spain - Galicia

Viña Mein is a family estate that was originated in the early 90's, when the Alén family acquired the Mein farm. Javier Alén manages the property with extremely care and in few years he has become the reference of the Denomination of Origin. His wines are made exclusively from his vineyards. The focus for these vineyards was to reestablish some of the ancient varieties of Galician white grapes: Treixadura, Godello, Loureira, Torrontes, Albariño and Albilla. As an experimental side project, they also planted 400 vines of Galician red grapes that include Caiño, Mencía and Ferrón.

VIÑA  
MEIN
