

Luis XIV Las Blancas Tradicionales

Fondillon Luis XIV

Spain - Valencia - Alicante

All the magic and personality of the ancestral Levantine varieties in a fresh and fluid wine.

It comes from two plots of old vines, of the Verdil and Merseguera and Moscatel varieties, cultivated in a traditional way.

Our respect for historical viticulture and enology leads us to minimal intervention crops and preparations. We reduce treatments as much as possible, seeking a balance between the vines and their environment
