

Willowcroft Riesling Muscat Ottonel

Willowcroft Farm Vineyards

United States - Virginia

Riesling – The premier grape of Germany. Harvested mid season. Crisp acidity, low alcohol wines of distinction. This cultivar is a challenge to grow, but the results are wonderful.

Muscat Ottonel – White grape extraordinaire Eastern Europe and the Alsace region of France. Beautifully fragrant nose with hints of honeysuckle. Earliest ripener. Low sugar and low acidity at harvest make it a wonderful blend with the Riesling.

Good presentation of the floral notes of the Muscat ottonel with the Riesling. These 2 grape varietals are complementing each others bringing some acidity and some rich fruit and floral flavors.

Off-dry & floral with subtle green apple & honeyed apricot notes.

A very small residual sugar of 0.7% is kept for balance.

Specifications

Wine Type	White
Varietals	62% Riesling and 38% Muscat-Ottonel
